

CITATION REPORT

List of articles citing

Prevalence of autism spectrum disorders--Autism and Developmental Disabilities Monitoring Network, 14 sites, United States, 2008

DOI: PM/22456193

MMWR Surveillance Summaries, 2012, 61, 1-19.

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
720	Short-chain fatty acid fermentation products of the gut microbiome: implications in autism spectrum disorders. 2012 , 23,		173
719	Tipping the balance of autism risk: potential mechanisms linking pesticides and autism. 2012 , 120, 944-51		106
718	A research strategy to discover the environmental causes of autism and neurodevelopmental disabilities. 2012 , 120, a258-60		163
717	Maternal smoking during pregnancy and the prevalence of autism spectrum disorders, using data from the autism and developmental disabilities monitoring network. 2012 , 120, 1042-8		53
716	Safety and observations in a pilot study of lenalidomide for treatment in autism. 2012 , 2012, 291601		8
715	Occurrence and family impact of elopement in children with autism spectrum disorders. 2012 , 130, 870-7		108
714	Toward a theory of childhood learning disorders, hyperactivity, and aggression. 2012 , 2012, 589792		6
713	The neuropathology of autism. 2012 , 2012, 703675		33
712	A systematic review of vocational interventions for young adults with autism spectrum disorders. 2012 , 130, 531-8		118
711	Evaluating Changes in the Prevalence of the Autism Spectrum Disorders (ASDs). 2012 , 34, 1-22		95
710	Retention of autism spectrum diagnoses by community professionals: findings from the autism and developmental disabilities monitoring network, 2000 and 2006. 2012 , 33, 387-95		26
709	Integrative approaches utilizing oxytocin to enhance prosocial behavior: from animal and human social behavior to autistic social dysfunction. 2012 , 32, 14109-17		107
708	Differences in white matter reflect atypical developmental trajectory in autism: A Tract-based Spatial Statistics study. 2012 , 1, 48-56		44
707	Modeling an autism risk factor in mice leads to permanent immune dysregulation. 2012 , 109, 12776-81		247
706	Levels of select PCB and PBDE congeners in human postmortem brain reveal possible environmental involvement in 15q11-q13 duplication autism spectrum disorder. 2012 , 53, 589-98		110
705	The spatial distribution of known predictors of autism spectrum disorders impacts geographic variability in prevalence in central North Carolina. 2012 , 11, 80		16
704	An ecological study on childhood autism. 2012 , 11, 44		11

703	Individual differences in the efficacy of a short theory of mind intervention for children with autism spectrum disorder: a randomized controlled trial. 2012 , 13, 206		12
702	Developing the Autism Model of Implementation for autism spectrum disorder community providers: study protocol. 2012 , 7, 85		27
701	Of mice and monkeys: using non-human primate models to bridge mouse- and human-based investigations of autism spectrum disorders. <i>Journal of Neurodevelopmental Disorders</i> , 2012 , 4, 21	4.6	66
700	Immune function genes CD99L2, JARID2 and TPO show association with autism spectrum disorder. 2012 , 3, 4		23
699	Palm reversal errors in native-signing children with autism. 2012 , 45, 439-54		33
698	Developmental and autism screening through 2-1-1: reaching underserved families. 2012 , 43, S457-63		47
697	The National Center on Birth Defects and Developmental Disabilities: past, present, and future. 2012 , 43, 655-8		5
