

CITATION REPORT

List of articles citing

Pharmacokinetics, Tissue Distribution, and Excretion Characteristics of a Radix Polygoni Multiflori Extract in Rats.

DOI: 10.3389/fphar.2022.827668

Frontiers in Pharmacology, 2022, 13, 827668.

Version: 2024-04-23

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
5	Gender-Related Differences in Tissue Distribution, Excretion, and Metabolism Studies of Panaxadiol in Rats and Anti-inflammatory Study. <i>Journal of Agricultural and Food Chemistry</i> ,	5.7	0
4	Multi-component pharmacokinetic study of prunus mume fructus extract after oral administration in rats using UPLC-MS/MS. 13,		0
