

# CITATION REPORT

List of articles citing

## Calculation of Building Heat Losses through Slab-on-Ground Structures Based on Soil Temperature Measured In Situ

DOI: 10.3390/en15010114  
Energies, 2022, 15, 114.

**Version:** 2024-04-10

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
