

Population-level impact of a pulse oximetry remote monitoring system
and healthcare utilisation in the people with COVID-19
a stepped wedge design

Emergency Medicine Journal

39, 575-582

DOI: [10.1136/emmermed-2022-212378](https://doi.org/10.1136/emmermed-2022-212378)
