

CITATION REPORT

List of articles citing

Black soldier fly (*Hermetia illucens* L.) as a high-potential agent for bioconversion of municipal primary sewage sludge.

DOI: 10.1007/s11356-022-20250-w
Environmental Science and Pollution Research, 2022, , .

Version: 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
4	Bioconversion of fruit waste and sewage sludge mixtures by black soldier fly (Diptera: Stratiomyidae) larvae. 2023 , 218, 115019		0
3	Effects of straw addition on the physicochemical and microbial features of black soldier fly larvae frass derived from fish meat and bone meal. 0734242X2311600		0
2	Low-temperature thermal pre-treated sewage sludge for feeding of black soldier fly (<i>Hermetia illucens</i>) larvae: Protein, lipid and biodiesel profile and characterization. 2023 , 178, 113241		0
1	High larval densities and high temperatures lead to a stronger immune response in the black soldier fly. 1-10		0
