Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
3	The Microbial Ecology of Liver Abscesses in Cattle. 2022 , 38, 367-381		0
2	Prevotella: A Key Player in Ruminal Metabolism. 2023 , 11, 1		1
1	Fluorescence activated cell sorting and fermentation analysis to study rumen microbiome responses to administered live microbials and yeast cell wall derived prebiotics. 13,		0
