

CITATION REPORT

List of articles citing

Comparative genomics of the Western Hemisphere
soft tick-borne relapsing fever borreliae highlights
extensive plasmid diversity

DOI: 10.1186/s12864-022-08523-7
BMC Genomics, 2022, 23, .

Version: 2024-04-04

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
6	Cas9-mediated endogenous plasmid loss in <i>Borrelia burgdorferi</i> .		0
