

CITATION REPORT

List of articles citing

Multi-objective optimization of a methanol synthesis process: CO₂ emission vs. economics

DOI: 10.1007/s11814-022-1134-z

Korean Journal of Chemical Engineering, , , .

Source: <https://exaly.com/paper-pdf/146305679/citation-report.pdf>

Version: 2024-04-09

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
