

CITATION REPORT

List of articles citing

Transposable Element Diversity Remains High in Gigantic Genomes

DOI: 10.1007/s00239-022-10063-3
Journal of Molecular Evolution, , , .

Source: <https://exaly.com/paper-pdf/148513911/citation-report.pdf>

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
2	Transposable element and host silencing activity in gigantic genomes.		0
1	Transposable element and host silencing activity in gigantic genomes. 11,		0
