

CITATION REPORT

List of articles citing

Second-generation bioethanol production from corncob A comprehensive review on pretreatment and bioconversion strategies, including techno-economic and lifecycle perspective

DOI: 10.1016/j.indcrop.2022.115245
Industrial Crops and Products, 2022, 186, 115245.

Version: 2024-04-19

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
