

# Predictive analysis of smart agriculture using IoT-based machine learning

International Journal of Engineering Systems Modelling and Simulation  
14, 16

DOI: [10.1504/ijesms.2023.127399](https://doi.org/10.1504/ijesms.2023.127399)

Citation Report

#	ARTICLE	IF	CITATIONS
1	An Innovation of Algebraic Mathematical Based Statistical Analysis Model for Complex Number Theory. , 2023, , .		0
2	Renewable Energy Integration of IoT Systems for Smart Grid Applications. , 2023, , .		0
