

CITATION REPORT

List of articles citing

Treatment of T3 bladder cancer: controlled trial of pre-operative radiotherapy and radical cystectomy versus radical radiotherapy

DOI: 10.1111/j.1464-410x.1982.tb13537.x

British Journal of Urology, 1982, 54, 136-51.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
