

CITATION REPORT

List of articles citing

Mouse monoclonal antibodies against rat major histocompatibility antigens. Two Ia antigens and expression of Ia and class I antigens in rat thymus

DOI: 10.1002/eji.1830120313

European Journal of Immunology, 1982, 12, 237-43.

Version: 2024-04-26

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
340	Induction of Ia antigen in rat epidermal cells and gut epithelium by immunological stimuli. 1982 , 156, 1665-76		235
339	The predominant surface glycoproteins of thymocytes and lymphocytes. 1982 , 2, 277-87		14
338	Purification and chemical characterisation of membrane glycoproteins from rat thymocytes and brain, recognised by monoclonal antibody MRC OX 2. 1982 , 129, 447-58		69
337	Functions of rat T-lymphocyte subsets isolated by means of monoclonal antibodies. 1983 , 74, 57-82		310
336	Rat X mouse T-cell hybrids with inducible specific cytolytic activity. 1983 , 76, 105-29		36
335	The distribution, ontogeny and origin in the rat of Ia-positive cells with dendritic morphology and of Ia antigen in epithelia, with special reference to the intestine. <i>European Journal of Immunology</i> , 1983 , 13, 112-22	6.1	249
334	Characterization of nonlymphoid cells derived from rat peripheral lymph. 1983 , 157, 1758-79		321
333	Species cross-reactive Ia determinants: detection with a monoclonal antibody to human Ia of a murine Ia. 7 epitope. 1983 , 7, 79-88		11
332	The ontogeny of T lymphocytes. 1983 , 134D, 115-22		2
331	The major histocompatibility complex of the rat: a partial review. 1983 , 32, 41-50		20
330	Ia antigens in rat kidney, with special reference to their expression in tubular epithelium. 1983 , 157, 2097-109		49
329	Granular intraepithelial lymphocytes of the rat small intestine. I. Isolation, presence in T lymphocyte-deficient rats and bone marrow origin. 1983 , 71, 317-27		39
328	MRC OX-22, a monoclonal antibody that labels a new subset of T lymphocytes and reacts with the high molecular weight form of the leukocyte-common antigen. 1983 , 158, 795-810		232
327	The ovarian follicle as a model for the cell-mediated control of tissue growth. 1984 , 236, 717-24		45
326	Mouse Ia antigens are receptors for lactate dehydrogenase virus. 1984 , 309, 59-61		90
325	Characterization of Ia+ non-lymphoid cells in peripheral lymph from congenitally athymic nude rats. 1984 , 19, 49-61		28
324	MRC OX-19: a monoclonal antibody that labels rat T lymphocytes and augments in vitro proliferative responses. <i>European Journal of Immunology</i> , 1984 , 14, 260-7	6.1	305

323	The alloantigenic organization of RT1Aa, a class I major histocompatibility complex molecule of the rat. <i>European Journal of Immunology</i> , 1984 , 14, 405-12	6.1	33
322	Early events in T lymphocyte genesis in the fetal thymus. 1984 , 170, 301-10		45
321	Sequence of a cDNA coding for a rat class II A alpha chain: extensive DNA and protein sequence identity to H-2 A alpha and HLA-DC1 alpha chains. 1984 , 19, 53-62		21
320	Constitutive and inducible expression of Ia antigens. 1984 , 168, 167-71		16
319	Purification and molecular cloning of rat Ia antigens. 1984 , 108, 558-81		6
318	Structural studies of the class II histocompatibility antigens of the ACI rat. 1985 , 63, 1241-9		
317	Immunohistologic Analysis of the T-Cell and Macrophage Infiltrate in 1,2-Dimethylhydrazine-Induced Colon Tumors in the Rat2. 1985 ,		
316	DNA sequence analysis of a rat RT1 class II A beta gene. 1985 , 22, 653-63		27
315	The possible role of class II major histocompatibility complex antigens in self tolerance. 1985 , 21, 397-400		11
314	Pattern of infection and selective loss of Ia positive cells in suckling and adult mice inoculated with lactic dehydrogenase virus. 1985 , 86, 151-65		29
313	In vivo self-reactivity of mononuclear cells to T cells and macrophages exposed to HgCl ₂ . <i>European Journal of Immunology</i> , 1985 , 15, 460-5	6.1	31
312	Massive induction of donor-type class I and class II major histocompatibility complex antigens in rejecting cardiac allografts in the rat. 1985 , 161, 98-112		153
311	Interactions between T helper cells and dendritic cells during the rat mixed lymphocyte reaction. 1985 , 162, 1546-60		56
310	Expression of major histocompatibility complex antigens in neonate rat primary mixed glial cultures. 1985 , 9, 363-77		27
309	N-myc amplification causes down-modulation of MHC class I antigen expression in neuroblastoma. 1986 , 47, 667-74		245
308	Advances in pneumocystis biology. 1986 , 2, 137-42		31
307	In situ detection of class I and II major histocompatibility complex antigens in the rat central nervous system during experimental allergic encephalomyelitis. An immunohistochemical study. 1986 , 12, 265-77		81
306	Inhibition of rat autoimmune T cell activation by monoclonal antibodies. 1986 , 11, 261-70		10

305	Interleukin-2 monoclonal antibody affinity adsorption. The critical role of binding kinetics for optimal immunoadsorption. 1986 , 95, 237-48	7
304	The role of lymphocyte subpopulations in the transfer of rat EAE. 1986 , 10, 331-40	15
303	Purification and characterisation of MHC class I antigen from rat liver with monoclonal antibody. 1986 , 18, 971-7	11
302	Puromycin aminonucleoside nephropathy: ultrastructure, glomerular polyanion, and cell surface markers. 1986 , 148, 337-48	16
301	Graft-versus-host disease in the rat: cellular changes and major histocompatibility complex antigen expression in the liver. 1986 , 23, 81-9	10
300	Ia-restricted encephalitogenic T lymphocytes mediating EAE lyse autoantigen-presenting astrocytes. 1986 , 320, 70-2	203
299	In vivo induction of Ia antigens on rat keratinocytes by gamma-interferon. 1986 , 115, 543-9	41
298	Macrophages in the interstitial tissue of the rat testis. 1986 , 243, 337-44	79
297	Dendritic cell-lymphoid cell aggregation and major histocompatibility antigen expression during rat cardiac allograft rejection. 1986 , 164, 1239-58	58
296	Live lactate dehydrogenase-elevating virus (LDV) induces suppressor T cells that inhibit the development of delayed hypersensitivity to LDV. 1986 , 67 (Pt 10), 2103-12	17
295	Inducibility of Ia antigen on astrocytes by murine coronavirus JHM is rat strain dependent. 1987 , 166, 259-64	41
294	The MRC OX-44 antigen marks a functionally relevant subset among rat thymocytes. 1987 , 165, 1-13	75
293	The complete sequence of the MHC class II chain RT.1D alpha u of the diabetic BB rat: mRNA levels of RT1.D alpha in lymphocytes. 1987 , 15, 10551-67	19
292	Prolonged survival of actively enhanced rat renal allografts despite accelerated cellular infiltration and rapid induction of both class I and class II MHC antigens. 1987 , 165, 891-907	73
291	Identification in rat liver and serum of water-soluble class I MHC molecules possibly homologous to the murine Q10 gene product. 1987 , 165, 1595-608	28
290	Virus receptors on lymphoid cells. 1987 , 150, 548-58	1
289	Tumor necrosis factor amplifies measles virus-mediated Ia induction on astrocytes. 1987 , 84, 7242-5	102
288	Gamma interferon induces novel expression of Ia antigens by rat pancreatic islet endocrine cells. 1987 , 2, 258-61	12

287	Inositol trisphosphate is generated by a rat natural killer cell tumor in response to target cells or to crosslinked monoclonal antibody OX-34: possible signaling role for the OX-34 determinant during activation by target cells. 1987 , 84, 4239-43		49
286	Induction of class I and class II transplantation antigens in rat brain during fatal and non-fatal measles virus infection. 1987 , 16, 215-24		38
285	A simple in vitro technique for studies on induction of class II transplantation antigens on keratinocytes. 1987 , 102, 59-63		3
284	Genetic basis for Ia positivity and susceptibility to lactic dehydrogenase virus in macrophages of SJL/J mice. 1987 , 92, 77-85		2
283	Major histocompatibility antigens and lymphocyte subsets during experimental allergic neuritis in the Lewis rat. 1987 , 234, 390-5		35
282	DNA sequence analysis of the rat RT1.B alpha gene. 1987 , 26, 56-62		22
281	Ir gene for bovine insulin in the rat maps to RT1.B beta. 1987 , 14, 159-62		
280	Serological evidence for a defect in RT1.B (I-A) expression by the BDIX rat strain. 1987 , 14, 301-12		6
279	Major histocompatibility complex antigen expression on rat microglia following epidural kainic acid lesions. 1988 , 20, 147-57		152
278	Interferon-gamma in vivo. Induction and loss of class II MHC antigens and immature myelomonocytic cells in rat organs. <i>European Journal of Immunology</i> , 1988 , 18, 661-9	6.1	42
277	The differentiation of O-2A progenitor cells into oligodendrocytes is associated with a loss of inducibility of Ia antigens. <i>European Journal of Immunology</i> , 1988 , 18, 1195-201	6.1	33
276	Analysis of T cell receptor beta chains in rat thymus, and rat C alpha and C beta sequences. 1988 , 27, 174-9		40
275	Morphology of rat cardiac allografts with permanent survival induced by antithymocyte globulin. 1988 , 27, 171-9		7
274	A suppressor T-lymphocyte cell line for autoimmune encephalomyelitis. 1988 , 331, 265-7		121
273	Synergy between interferons and monokines in MHC induction on brain endothelium. 1988 , 17, 267-71		33
272	Lymphokine regulation of surface Ia expression on rat B cells. 1988 , 111, 451-60		11
271	A biotin-labelled antigen radioimmunoassay (BILA) for antibodies to membrane antigens useful for monoclonal antibody screening. 1988 , 115, 219-26		3
270	Inducibility of Ia molecules on keratinocytes reflects genetic control on astrocytes in the brain. 1988 , 19, 69-75		3

269	Axotomy induces MHC class I antigen expression on rat nerve cells. 1988 , 92, 8-13		64
268	Cyclosporin A inhibits smooth muscle proliferation in the vascular response to injury. 1988 , 85, 2303-6		119
267	Cellular requirements for renal allograft rejection in the athymic nude rat. 1989 , 169, 1931-46		49
266	Gamma-interferon-like immunoreactivity in axotomized rat motor neurons. 1989 , 9, 3870-5		120
265	Actively-induced experimental allergic orchitis (EAO) in Lewis/NCR rats: sequential histo- and immunopathologic analysis. 1989 , 3, 125-34		21
264	Recognition of a high molecular weight glycoprotein (HMW-GP) associated with rat colon cancer cells by rat monoclonal antibodies. 1989 , 8, 493-505		3
263	Surface phenotype of rat bone marrow-derived mononuclear phagocytes. 1989 , 120, 277-85		15
262	Loss of interleukin 2 dependence in cloned interleukin 2-dependent rat T lymphocyte x BW5147 hybridomas is not associated with segregation of a specific pair of rat chromosomes. <i>European Journal of Immunology</i> , 1989 , 19, 1177-81	6.1	5
261	Interferon-gamma-like immunoreactivity in certain neurons of the central and peripheral nervous system. 1989 , 24, 451-6		70
260	Cellular and molecular effects of di-n-octyltin dichloride on the rat thymus. 1989 , 11, 703-15		11
259	Macrophage infiltration precedes and is a prerequisite for lymphocytic insulinitis in pancreatic islets of pre-diabetic BB rats. 1989 , 32, 126-34		176
258	Postnatal development and possible ligand function of the CNS-specific membrane glycoprotein CNSgp130. 1989 , 52, 1468-73		2
257	Effects of purified protein derivative (PPD)-activated syngeneic epidermal cells on a PPD-specific rat T-helper cell line. 1989 , 29, 671-7		2
256	Gamma interferon induces the appearance of a CD4-, major histocompatibility complex class II+ macrophage subpopulation in the rat peritoneal cavity. 1989 , 29, 679-87		
255	Class II MHC antigen induction on rat insulinoma (RINm5F) and colon carcinoma (TS) cells by co-culture with diabetic and normal xenogenic lymphocytes. 1989 , 2, 229-40		
254	Local enhancement of major histocompatibility complex (MHC) class I and II expression and cell infiltration in experimental allergic encephalomyelitis around axotomized motor neurons. 1989 , 23, 125-32		79
253	Early major histocompatibility complex (MHC) class I antigen induction in hypothalamic supraoptic and paraventricular nuclei in trypanosome-infected rats. 1989 , 24, 105-12		35
252	Induction of Ia molecules on brain endothelium is related to susceptibility to experimental allergic encephalomyelitis. 1989 , 21, 87-90		42

251	Persistence of measles virus in rat brain neurons is promoted by depletion of CD8+ T cells. 1989 , 21, 149-55	17
250	Isolation of encephalitogenic CD4+ T cell clones in the rat. Cloning methodology and interferon-gamma secretion. 1989 , 121, 185-96	73
249	Microglial response to 6-hydroxydopamine-induced substantia nigra lesions. 1989 , 489, 247-53	155
248	Interferon-gamma-like immunoreactivity and T-cell marker expression in rat skeletal muscle fibres. 1989 , 504, 306-10	7
247	Expression of Ia antigen on perivascular and microglial cells after sublethal and lethal motor neuron injury. 1989 , 105, 115-26	251
246	Expression of major histocompatibility complex class I antigens in rat muscle cultures: the possible developmental role in myogenesis. 1989 , 86, 7007-11	29
245	Oligodendrocyte-specific autoreactive T cells using an alpha/beta T-cell receptor kill their target without self restriction. 1989 , 86, 2824-8	19
244	Concerted evolution of class I genes in the major histocompatibility complex of murine rodents. 1990 , 87, 2167-71	113
243	RT7-defined alloantigens in rats are part of the leucocyte common antigen family. 1990 , 31, 699-710	45
242	Immunomorphology of graft-versus-host disease after small bowel transplantation in the rat. 1990 , 32, 93-101	7
241	Altered distribution of MHC class II antigens on enterocytes during acute small bowel allograft rejection in rats. 1990 , 3, 73-77	3
240	Omental dendritic cells: Ia expression and relation to macrophages. 1990 , 98, 1113-22	4
239	Characterization of collagen-specific T cells derived from pathogenic and nonpathogenic rat T cell lines. 1990 , 130, 472-89	3
238	Monoclonal antibodies to ROS 17/2.8 cells recognize antigens, some of which are restricted to osteoblasts and chondrocytes. 1990 , 5, 187-200	12
237	Reversal of ageing changes in the thymus of rats by chemical or surgical castration. 1990 , 261, 555-64	69
236	Effects of interferon-gamma treatment on the cutaneous DTH reaction in rats. 1990 , 282, 318-24	11
235	Altered distribution of MHC class II antigens on enterocytes during acute small bowel allograft rejection in rats. 1990 , 3, 73-7	6
234	Membrane-bound and water-soluble nonclassical class I MHC antigens on rat placenta. 1990 , 31, 152-60	11

233	Herpes simplex virus type I infection of the CNS induces major histocompatibility complex antigen expression on rat microglia. 1990 , 26, 55-65	74
232	Characterization of the tissue macrophage and the interstitial dendritic cell as distinct leukocytes normally resident in the connective tissue of rat heart. 1990 , 171, 1841-51	66
231	T cell requirements for the rejection of renal allografts bearing an isolated class I MHC disparity. 1990 , 172, 1547-57	68
230	Mechanisms of allograft rejection in the rat brain. 1990 , 37, 431-62	100
229	Experimental ablation nephropathy. Fine structure, morphometry, cell membrane epitopes, glomerular polyanion and effect of subsequent transplantation. 1990 , 186, 491-506	6
228	Spontaneous inflammatory disease in transgenic rats expressing HLA-B27 and human beta 2m: an animal model of HLA-B27-associated human disorders. 1990 , 63, 1099-112	864
227	Analysis of hemopoietic cells in rat bone marrow and fetal liver with monoclonal antibody. 1990 , 14, 121-9	
226	Loss of encephalitogenicity of a myelin basic protein-specific T cell line is associated with a phenotypic change but not with alteration in production of interleukin-2, gamma-interferon or tumour necrosis factor. 1990 , 30, 53-9	9
225	Expression of major histocompatibility complex antigens on inflammatory peripheral nerve lesions. 1990 , 30, 121-8	33
224	Comparison of the immunological properties of rat cerebral and aortic endothelium. 1990 , 30, 161-8	50
223	Transforming growth factors type beta 1 and beta 2 suppress rat astrocyte autoantigen presentation and antagonize hyperinduction of class II major histocompatibility complex antigen expression by interferon-gamma and tumor necrosis factor-alpha. 1990 , 27, 41-7	94
222	Leukocyte infiltration and glial reactions in xenografts of mouse brain tissue undergoing rejection in the adult rat brain. A light and electron microscopical immunocytochemical study. 1991 , 32, 159-83	95
221	Gamma interferon expression and major histocompatibility complex induction during measles and vesicular stomatitis virus infections of the brain. 1991 , 31, 19-26	31
220	Effects of dexamethasone on microglial activation in vivo: selective downregulation of major histocompatibility complex class II expression in regenerating facial nucleus. 1991 , 34, 99-108	77
219	Sulfasalazine aggravates experimental autoimmune encephalomyelitis and causes an increase in the number of autoreactive T cells. 1991 , 34, 109-20	16
218	Immune modulation within the brain: recruitment of inflammatory cells and increased major histocompatibility antigen expression following intracerebral injection of interferon-gamma. 1991 , 34, 121-32	119
217	Enhanced interferon-gamma-induced Ia-antigen expression by glial cells after previous exposure to this cytokine. 1991 , 34, 205-14	22
216	Major histocompatibility complex expression in brain of rats with graft-versus-host disease. 1991 , 32, 191-8	15

215	CD4 rat x rat and mouse x rat T cell hybridomas produced by fusion of established T cell lines and clones to W/Fu (C58NT)D. 1991 , 144, 1-10		5
214	Immune privilege in hair growth. 1991 , 97, 417-20		105
213	Characterisation of two new monoclonal antibodies directed against rat microglia. 1991 , 313, 409-30		65
212	Unusual phenotype of intestinal intraepithelial lymphocytes in the rat: predominance of T cell receptor alpha/beta+/CD2- cells and high expression of the RT6 alloantigen. <i>European Journal of Immunology</i> , 1991 , 21, 753-60	6.1	55
211	Calcium signals in single T cells on activation by lectin. <i>European Journal of Immunology</i> , 1991 , 21, 1283-86.1		11
210	An immunohistochemical study on the effects of cyclosporin on the gut-associated lymphoid tissue of rats. 1991 , 26, 593-602		4
209	Lesion of the rat entorhinal cortex leads to a rapid microglial reaction in the dentate gyrus. A light and electron microscopical study. 1991 , 82, 442-55		134
208	Interferon-gamma inhibits arterial stenosis after injury. 1991 , 84, 1266-72		119
207	Molecular cloning of gp42, a cell-surface molecule that is selectively induced on rat natural killer cells by interleukin 2: glycolipid membrane anchoring and capacity for transmembrane signaling. 1991 , 173, 251-60		34

25	Class II MHC antigens in the rat digestive system. Normal distribution and induced expression after interferon-gamma treatment in vivo. <i>Immunology</i> , 1989 , 68, 507-13	7.8	43
24	FcR blocking activity in serum of actively enhanced rat renal allograft recipients due to IgG anti-class II MHC alloantibody. <i>Immunology</i> , 1990 , 69, 379-84	7.8	3
23	Activated rat T cells synthesize and express functional major histocompatibility class II antigens. <i>Immunology</i> , 1995 , 84, 193-201	7.8	28
22	Immune regulation by brain cells in the central nervous system: microglia but not astrocytes present myelin basic protein to encephalitogenic T cells under in vivo-mimicking conditions. <i>Immunology</i> , 1992 , 76, 209-16	7.8	113
21	BB-DR/Edinburgh: a lymphopenic, non-diabetic subline of BB rats. <i>Immunology</i> , 1993 , 78, 318-28	7.8	13
20	Differential expression of RT1 class II genes in fibroblast cell lines: recognition by allogeneic and xenogeneic T lymphocytes. <i>Immunology</i> , 1986 , 59, 29-35	7.8	1
19	Antigen presentation in brain: MHC induction on brain endothelium and astrocytes compared. <i>Immunology</i> , 1987 , 60, 453-9	7.8	107
18	Distribution of Ia antigens and T lymphocyte subpopulations in rat lungs. <i>Immunology</i> , 1986 , 57, 93-8	7.8	23

17	The effect of interferon-gamma treatment of rat tumour cells on their susceptibility to natural killer cell, macrophage and cytotoxic T-cell killing. <i>Immunology</i> , 1988 , 63, 291-7	7.8	15
16	Association of some cell surface antigens of lymphoid cells and cell surface differentiation antigens with early rat pregnancy. <i>Immunology</i> , 1984 , 52, 631-40	7.8	50
15	Kinetics of MHC gene expression and mRNA synthesis in brain endothelium. <i>Immunology</i> , 1988 , 63, 37-42	7.8	25
14	Effect of Cyclosporin A on rat thymus: time course analysis by immunoperoxidase technique and flow cytofluorometry. <i>Clinical and Experimental Immunology</i> , 1988 , 72, 216-21	6.2	16
13	Enhancement of DTH reaction and inhibition of the expression of class II transplantation antigens by in vivo treatment with antibodies against gamma-interferon. <i>Clinical and Experimental Immunology</i> , 1988 , 71, 428-32	6.2	30
12	Reactivity of normal rat epiphyseal chondrocytes with monoclonal antibodies recognizing different leucocyte markers. <i>Clinical and Experimental Immunology</i> , 1989 , 75, 477-80	6.2	13
11	Immunopathology of diabetes in the RT6-depleted diabetes-resistant BB/Wor rat. <i>American Journal of Pathology</i> , 1990 , 137, 767-77	5.8	4
10	Intrathecal application of interferon gamma. Progressive appearance of MHC antigens within the rat nervous system. <i>American Journal of Pathology</i> , 1990 , 137, 789-800	5.8	176
9	Mercuric chloride-induced autoimmunity in the brown Norway rat. Cellular kinetics and major histocompatibility complex antigen expression. <i>American Journal of Pathology</i> , 1988 , 133, 127-38	5.8	57
8	Identification of T cell subsets and class I and class II antigen expression in islet grafts and pancreatic islets of diabetic BioBreeding/Worcester rats. <i>American Journal of Pathology</i> , 1988 , 132, 292-303	5.8	20
7	Homotypic and heterotypic in cis associations of MHC class I molecules at the cell surface. <i>Current Research in Immunology</i> , 2022 , 3, 85-99	1	0
