

CITATION REPORT

List of articles citing

Brain grafts reverse hypogonadism of gonadotropin releasing hormone deficiency

DOI: 10.1038/298468a0
Nature, 1982, 298, 468-71.

Version: 2024-04-20

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
