

# CITATION REPORT

List of articles citing

**Right ventricular ejection fraction: an indicator of increased mortality in patients with congestive heart failure associated with coronary artery disease**

**DOI: 10.1016/s0735-1097(83)80156-9**

**Journal of the American College of Cardiology, 1983, 2, 217-24**

**Source:** <https://exaly.com/paper-pdf/16409614/citation-report.pdf>

**Version:** 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
