

CITATION REPORT

List of articles citing

Intrinsic radiosensitivity of human cell lines is correlated with radioresponsiveness of human tumors: analysis of 101 published survival curves

DOI: 10.1016/0360-3016(85)90223-8

International Journal of Radiation Oncology Biology Physics, 1985, 11, 1699-707.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
