

# CITATION REPORT

List of articles citing

## Experimental confirmation of chaos from Chua's circuit

DOI: 10.1002/cta.4490130109

International Journal of Circuit Theory and Applications, 1985, 13, 93-98.

**Source:** <https://exaly.com/paper-pdf/17671588/citation-report.pdf>

**Version:** 2024-04-24

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
