

# An Analysis of Scheduling Policies In Multiechelon Proc

IIE Transactions

17, 370-377

DOI: 10.1080/07408178508975317

Citation Report

#	ARTICLE	IF	CITATIONS
1	Interaction between frequency of rescheduling and the role of safety stock in material requirements planning systems. International Journal of Production Research, 1987, 25, 221-232.	7.5	52
2	MEASURING MASTER PRODUCTION SCHEDULE STABILITY UNDER ROLLING PLANNING HORIZONS. Decision Sciences, 1988, 19, 147-166.	4.5	95
3	Open Order Rescheduling in Job Shops with Demand Uncertainty: A Simulation Study. Decision Sciences, 1988, 19, 801-818.	4.5	18
4	Freezing the Master Production Schedule Under Demand Uncertainty. Decision Sciences, 1990, 21, 97-120.	4.5	86
5	A Model for Continuous-Review Pull Policies in Serial Inventory Systems. Operations Research, 1992, 40, 142-156.	1.9	31
6	A Model for Master Production Scheduling in Uncertain Environments. Decision Sciences, 1992, 23, 839-861.	4.5	58
7	An examination of dampening procedures considering rescheduling costs. Omega, 1992, 20, 257-269.	5.9	6
8	Models for multi-plant coordination. European Journal of Operational Research, 1993, 67, 141-160.	5.7	166
9	The effects of environmental factors on the design of master production scheduling systems. Journal of Operations Management, 1994, 11, 367-384.	5.2	27
10	A model to estimate service levels when a portion of the master production schedule is frozen. Computers and Operations Research, 1994, 21, 477-486.	4.0	17
11	Adapting lot-sizing techniques to stochastic demand through production scheduling policy. IIE Transactions, 1996, 28, 141-148.	2.1	22
12	An investigation of alternative dampening procedures to cope with MRP system nervousness. International Journal of Production Research, 1996, 34, 137-156.	7.5	43
13	Parameters affecting the effectiveness of MRP systems: A review. International Journal of Production Research, 1998, 36, 313-332.	7.5	79
14	Determination of master production schedule replanning frequency for various forecast window intervals. International Journal of Operations and Production Management, 1998, 18, 767-777.	5.9	2
16	Rolling horizon master production schedule performance: A policy analysis. Production Planning and Control, 2001, 12, 669-679.	8.8	12
17	A SURVEY ON SUPPLY PLANNING UNDER UNCERTAINTIES IN MRP ENVIRONMENTS. IFAC Postprint Volumes IPPV / International Federation of Automatic Control, 2005, 38, 1-12.	0.4	8
18	Examining dampening effects for alternative dampening procedures to cope with system nervousness. International Journal of Production Research, 2005, 43, 4009-4033.	7.5	10
19	Change and uncertainty in SME manufacturing environments using ERP. Journal of Manufacturing Technology Management, 2005, 16, 629-653.	6.4	73
