

CITATION REPORT

List of articles citing

Evaluation of echographic diagnosis of rectal cancer using intrarectal ultrasonic examination

DOI: 10.1007/bf02553025

Diseases of the Colon and Rectum, 1986, 29, 234-42.

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
