

CITATION REPORT

List of articles citing

Effect of in vivo nitroglycerin therapy on endothelium-dependent and independent vascular relaxation and cyclic GMP accumulation in rat aorta

DOI: 10.1097/00005344-198710000-00001
Journal of Cardiovascular Pharmacology, 1987, 10, 371-8.

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
