

CITATION REPORT

List of articles citing

Fibrinogen, cigarette smoking, and risk of cardiovascular disease: insights from the Framingham Study

DOI: 10.1016/0002-8703(87)90063-9
American Heart Journal, 1987, 113, 1006-10.

Version: 2024-04-23

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
416	Cardiovascular risk factors and preventive management. 1987 , 22, 147-53, 156-9, 162-4		1
415	Effects of changes in smoking and other characteristics on clotting factors and the risk of ischaemic heart disease. 1987 , 2, 986-8		298
414	FIBRINOLYSIS AND RECURRENCE OF MYOCARDIAL INFARCTION. 1987 , 330, 461-462		
413	Genetic and cultural inheritance of plasma fibrinogen concentration. 1987 , 2, 988-91		134
412	Blood rheology in general medicine and surgery. 1987 , 1, 827-61		40
411	Relationship between sex hormones and haemostatic factors in healthy middle-aged men. 1988 , 71, 71-6		65
410	Physical exercise provokes platelet desensitization in men who smoke cigarettes--involvement of sympathoadrenergic mechanisms--a study of monozygotic twin pairs discordant for smoking. 1988 , 51, 145-55		19
409	The microcirculation: changes in diabetes mellitus. 1988 , 63, 517-20		17
408	Smoking and plasma fibrinogen. 1988 , 1, 307-8		27
407	Cigarette Smoking as a Risk Factor for Stroke. 1988 , 259, 1025		422
406	Blood rheology associated with cardiovascular risk factors and chronic cardiovascular diseases: results of an epidemiologic cross-sectional study. 1988 , 39, 986-95		21
405	Type A behavior and mortality from coronary heart disease. 1988 , 319, 114-8		4
404	Cigarette Smoking. 1989 , 149, 2053		42
403	Decreased coronary heart disease in hypertensive smokers. Mortality results from the MAPHY study. 1989 , 13, 773-80		20
402	Risks of untreated hypertension. A discussion. 1989 , 13, 133-5		9
401	Viscoelasticity and red blood cell aggregation in patients with coronary heart disease. 1989 , 40, 914-20		22
400	Cigarette smoking and non-fatal myocardial infarction in women: is the relation independent of coronary artery disease?. 1989 , 62, 273-80		4
