

CITATION REPORT

List of articles citing

The prevalence of knee osteoarthritis in the elderly.
The Framingham Osteoarthritis Study

DOI: 10.1002/art.1780300811

Arthritis and Rheumatism, 1987, 30, 914-8.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
