

CITATION REPORT

List of articles citing

Pulsed CO₂ laser tissue ablation: effect of tissue type and pulse duration on thermal damage

DOI: 10.1002/lsm.1900080204

Lasers in Surgery and Medicine, 1988, 8, 108-18.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
