

CITATION REPORT

List of articles citing

Biventricular performance during volume loading in patients with early septic shock, with emphasis on the right ventricle: a combined hemodynamic and radionuclide study

DOI: 10.1016/0002-8703(88)90256-6
American Heart Journal, 1988, 116, 103-12.

Version: 2024-04-17

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
