

CITATION REPORT

List of articles citing

The role of oestrogens and progestagens in the epidemiology and prevention of breast cancer

DOI: 10.1016/0277-5379(88)90173-3

European Journal of Cancer & Clinical Oncology, 1988, 24, 29-43.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
