

Glucose stimulates proinsulin biosynthesis by a dose-dependent manner in pancreatic beta cells.

Proceedings of the National Academy of Sciences of the United States of America
85, 3865-3869

DOI: [10.1073/pnas.85.11.3865](https://doi.org/10.1073/pnas.85.11.3865)
