

CITATION REPORT

List of articles citing

Total cavopulmonary connection: A logical alternative to atriopulmonary connection for complex Fontan operation.

DOI: 10.1016/s0022-5223(19)35174-8

Journal of Thoracic and Cardiovascular Surgery, 1988, 96, 682-695.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

202 Preface. **2021**, ix-x

201 First evidence of the protective role of melatonin in counteracting cadmium toxicity in the rat ovary via the mTOR pathway. **2021**, 270, 116056 9

200 A CALPHAD-informed approach to modeling constituent redistribution in Zr-based metallic fuels using BISON. **2021**, 544, 152657 8

199 Breast radiologic complete response is associated with favorable survival outcomes after neoadjuvant chemotherapy in breast cancer. **2021**, 47, 232-239 2

198 Effect of bias yarn on tensile fracture mechanism of multiaxial 3D angle-interlock woven composites. **2021**, 159, 107269 9

197 Structural stability of coexistence in evolutionary dynamics of cyclic competition. **2021**, 394, 125794 0

196 A bibliometric analysis of research on plant critical dilution curve conducted between 1985 and 2019. **2021**, 123, 126199 5

195 Milk thistle (*Silybum marianum* L. Gaertn.) achene yield had a positive response to nitrogen fertilization, row spacing, sowing date, and weed control methods. **2021**, 160, 113104 2

194 Diagnostic performance and limitation of quantitative flow ratio for functional assessment of intermediate coronary stenosis. **2021**, 77, 492-499 1

193 PTEN/AKT/mTOR pathway involvement in autophagy, mediated by miR-99a-3p and energy metabolism in ammonia-exposed chicken bursal lymphocytes. **2021**, 100, 553-564 17

192 Integration of non-conventional renewable energy and spot price of electricity: A counterfactual analysis for Colombia. **2021**, 167, 146-161 9

191 Uncovering Mitochondrial Determinants of Racial Disparities in Ovarian Cancer. **2021**, 7, 93-97 2

190 Phosphate selective recovery by magnetic iron oxide impregnated carbon flow-electrode capacitive deionization (FCDI). **2021**, 189, 116653 18

189 Response to Dr. Kennaway. **2021**, 114, 107593

188 Generalized models to predict the lower heating value (LHV) of municipal solid waste (MSW). **2021**, 216, 119279 14

187 Editorial Board. **2021**, 376, 107509

186 Plants affect the dissipation and leaching of anilide pesticides in soil mesocosms: Insights from compound-specific isotope analysis (CSIA). **2021**, 308, 107257 3

185	Rapid multiplex PCR assay for simultaneous detection of <i>Neisseria gonorrhoeae</i> and <i>Chlamydia trachomatis</i> in genitourinary samples: A 30-minute assay. 2021 , 180, 106103	2
184	Otolith identification using a deep hierarchical classification model. 2021 , 180, 105883	1
