

CITATION REPORT

List of articles citing

Structural principles of alpha/beta barrel proteins: the packing of the interior of the sheet

DOI: 10.1002/prot.340050208

Proteins: Structure, Function and Bioinformatics, 1989, 5, 139-48.

Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
