Citation Report

| # | ARTICLE | IF | CITATIONS |
|----|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|-----------|
| 1 | Clinical and pathological findings of <i>Babesia</i> infection in dogs. Australian Veterinary Journal, 1991, 68, 204-209. | 1.1 | 84 |
| 2 | Epidemiology of canine babesiosis in relation to the activity of <i>Dermacentor reticulatus</i> in southern Jura (France). Experimental and Applied Acarology, 1991, 11, 215-222. | 1.6 | 28 |
| 3 | Babesiosis of Companion Animals and Man. Veterinary Clinics of North America - Small Animal Practice, 1991, 21, 103-123. | 1.5 | 79 |
| 4 | Vaccination of dogs against <i>Babesia canis</i> infection using parasite antigens from in vitro culture. Parasite Immunology, 1992, 14, 295-305. | 1.5 | 44 |
| 5 | Vaccination of dogs against <i>Babesia canis</i> infection using antigens from culture supernatants with emphasis on clinical babesiosis. Veterinary Parasitology, 1994, 52, 219-233. | 1.8 | 29 |
| 6 | International collaborative research: significance of tick-borne hemoparasitic diseases to world animal health. Veterinary Parasitology, 1995, 57, 19-41. | 1.8 | 246 |
| 7 | Characterization and comparison of merozoite antigens of different <i>Babesia canis</i> isolates by serological and immunological investigations. Zeitschrift für Parasitenkunde (Berlin, Germany), 1995, 81, 638-642. | 0.8 | 30 |
| 8 | Vaccines against babesiosis using soluble parasite antigens. Parasitology Today, 1995, 11, 456-462. | 3.0 | 40 |
| 9 | Strain variation limits protective activity of vaccines based on soluble <i>Babesia canis</i> antigens. Parasite Immunology, 1995, 17, 215-218. | 1.5 | 28 |
| 10 | Rhabdomyolysis as a complication of canine babesiosis. Journal of Small Animal Practice, 1996, 37, 286-291. | 1.2 | 31 |
| 11 | Isolation of a South African vector-specific strain of <i>Babesia canis</i> . Veterinary Parasitology, 1996, 63, 9-16. | 1.8 | 33 |
| 12 | Different <i>Babesia canis</i> isolates, different diseases. Parasitology, 1997, 115, 485-493. | 1.5 | 89 |
| 13 | Duration of protective immunity in experimental canine babesiosis after homologous and heterologous challenge. Veterinary Parasitology, 1997, 68, 51-55. | 1.8 | 18 |
| 14 | Characteristic genotypes discriminate between <i>Babesia canis</i> isolates of differing vector specificity and pathogenicity to dogs. Parasitology Research, 1998, 84, 544-548. | 1.6 | 152 |
| 15 | Canine babesiosis in South Africa: more than one disease. Does this serve as a model for falciparum malaria. Annals of Tropical Medicine and Parasitology, 1998, 92, 503-511. | 1.6 | 73 |
| 16 | Canine babesiosis in South Africa: more than one disease. Does this serve as a model for falciparum malaria?. Annals of Tropical Medicine and Parasitology, 1998, 92, 503-511. | 1.6 | 54 |
| 17 | <i>Babesia Canis Canis</i> , <i>Babesia Canis Vogeli</i> , <i>Babesia Canis Rossi</i> : Differentiation of the Three Subspecies By A Restriction Fragment Length Polymorphism Analysis On Amplified Small Subunit Ribosomal Rna Genes. Journal of Eukaryotic Microbiology, 1999, 46, 298-301. | 1.7 | 147 |
| 18 | Survey of canine babesiosis in South Africa. Journal of the South African Veterinary Association, 2000, 71, 180-186. | 0.6 | 63 |
