

CITATION REPORT

List of articles citing

Circular RNAs: relics of precellular evolution?

DOI: 10.1073/pnas.86.23.9370

Proceedings of the National Academy of Sciences of the United States of America, 1989, 86, 9370-4.

Source: <https://exaly.com/paper-pdf/20982328/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
166	Intron-associated splicing reactions in bacteriophage T4. 1990 , 4, 867-71		2
165	A site-specific self-cleavage reaction performed by a novel RNA in Neurospora mitochondria. 1990 , 61, 685-96		246
164	Bibliography. 1991 , 695-813		
163	RNA-mediated ligation of self-cleavage products of a Neurospora mitochondrial plasmid transcript. <i>Proceedings of the National Academy of Sciences of the United States of America</i> , 1991 , 88, 8826-30	11.5	65
162	Towards Gene-Inhibition Therapy: A Review of Progress and Prospects in the Field of Antiviral Antisense Nucleic Acids and Ribozymes. 1991 , 2, 191-214		14
161	Phylogeny of viroids, viroidlike satellite RNAs, and the viroidlike domain of hepatitis delta virus RNA. <i>Proceedings of the National Academy of Sciences of the United States of America</i> , 1991 , 88, 5631-4	11.5	91
160	Ribonuclease T1 generates circular RNA molecules from viroid-specific RNA transcripts by cleavage and intramolecular ligation. <i>Nucleic Acids Research</i> , 1991 , 19, 1605-12	20.1	39
159	Plus and minus RNAs of peach latent mosaic viroid self-cleave in vitro via hammerhead structures. <i>Proceedings of the National Academy of Sciences of the United States of America</i> , 1992 , 89, 3711-5	11.5	168
158	Making sense from antisense: a review of experimental data and developing ideas on sense-antisense peptide recognition. 1992 , 5, 43-54		44
157	Detection of avocado sunblotch viroid in chloroplasts of avocado leaves by in situ hybridization. 1994 , 138, 385-90		50
156	Recent developments in hepatitis delta virus research. 1994 , 43, 187-231		27
155	Origin and evolution of viroids and viroid-like satellite RNAs. <i>Virus Genes</i> , 1995 , 11, 119-31	2.3	49
154	Evolution of the cellular communication system. 1995 , 20, 201-210		1
153	Some physical problems in biology. 1995 , 20, 315-330		3
152	The RNA of both polarities of the peach latent mosaic viroid self-cleaves in vitro solely by single hammerhead structures. <i>Nucleic Acids Research</i> , 1995 , 23, 745-52	20.1	42
