

CITATION REPORT

List of articles citing

Testing for the equivalence of factor covariance and mean structures: The issue of partial measurement invariance

DOI: 10.1037/0033-2909.105.3.456

Psychological Bulletin, 1989, 105, 456-466.

Version: 2024-04-19

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

691 Narrative Identity in the Social World. **2020**, 377-385

690 Personality and Crime. **2020**, 463-476

689 Psychometric Properties of the Spanish Version of the Goal Orientation Scales in Ecuadorian Undergraduate Students. **2020**, 11, 597934 0

688 Models of Physical Health and Personality. **2020**, 193-207 1

687 Preface. **2020**, xv-xvi

686 Factor structure of the critical consciousness scale in juvenile legal system-involved boys and girls. **2020**, 48, 1660-1676 6

685 Effects of high school students' noncognitive factors on their success at college. **2020**, 1-15 2

684 Cross-cultural equivalence of shortened versions of the Eysenck Personality Questionnaire: An application of the alignment method. **2020**, 163, 110074 4

683 Voice as a mediator of mothers' and daughters' feminist attitudes and psychological outcomes: An application of silencing the self theory and social cognitive theory of gender development and differentiation. **2020**, 87, 506-526 1

682 Latent structure, measurement invariance, and reliability of an Arabic version of the Short Health Anxiety Inventory. **2020**, 11, 204380872091262 0

681 Country-level and individual-level predictors of men's support for gender equality in 42 countries. **2020**, 50, 1276-1291 12

680 Measurement invariance of the moral vitalism scale across 28 cultural groups. **2020**, 15, e0233989 1

679 Measurement invariance of the Positive Gains Scale in families of children with and without disabilities. **2020**, 103, 103662 7

678 Development and Validation of the Eating Disorders Screen for Athletes (EDSA): A Brief Screening Tool for Male and Female Athletes. **2020**, 50, 4

677 An empirically derived recommendation for the classification of body dysmorphic disorder: Findings from structural equation modeling. **2020**, 15, e0233153 5

676 Addressing missing data in specification search in measurement invariance testing with Likert-type scale variables: A comparison of two approaches. **2020**, 52, 2567-2587 1

675 Correction to: Emotional intimacy and sexual well-being in aging European couples: a cross-cultural mediation analysis. **2020**, 17, 139-150 0

674 Who likes to engage in writing? The role of children's beliefs and intrinsic value regarding leisure writing. **2020**, 40, 856-874 1
