Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

1615	Backward stochastic differential equations and stochastic controls.		1
1614	.		
1613	Probabilistic interpretation for systems of quasilinear parabolic partial differential equations. 1991 , 37, 61-74		222
1612	.		3
1611	A Generalized dynamic programming principle and hamilton-jacobi-bellman equation. 1992 , 38, 119-134		155
1610	Stochastic Hamilton-Jacobi-Bellman Equations. 1992 , 30, 284-304		173
1609	Backward stochastic differential equations and quasilinear parabolic partial differential equations. 1992 , 200-217		288
1608	Probabilistic interpretation of a system of quasilinear elliptic partial differential equations under Neumann boundary conditions. 1993 , 48, 107-121		15
1607	Backward stochastic differential equations and applications to optimal control. 1993 , 27, 125-144		225
1606	.		
1605	Solving forward-backward stochastic differential equations explicitly by a four step scheme. 1994 , 98, 339-359		391
1604	Backward doubly stochastic differential equations and systems of quasilinear SPDEs. 1994 , 98, 209-227		189
1603	Efficient and equilibrium allocations with stochastic differential utility. 1994 , 23, 133-146		29
1602	The stochastic maximum principle for a singular control problem. 1994 , 49, 211-237		48
1601	Necessary Conditions for Optimal Control of Stochastic Systems with Random Jumps. 1994 , 32, 1447-1475		270
1600	Adapted solutions of backward stochastic differential equations with non-Lipschitz coefficients. 1995 , 58, 281-292		121
1599	Solution of forward-backward stochastic differential equations. 1995 , 103, 273-283		206

1598	Zero-sum stochastic differential games and backward equations. <i>Systems and Control Letters</i> , 1995 , 24, 259-263	2.4	143
1597	Dynamic Programming and Pricing of Contingent Claims in an Incomplete Market. 1995 , 33, 29-66		317
1596	Stochastic maximum principle for optimal control problem of forward and backward system. 1995 , 37, 172-185		71
1595	Forward-backward stochastic differential equations and their applications in finance.		
1594	The Stochastic Maximum Principle for Linear, Convex Optimal Control with Random Coefficients. 1995 , 33, 590-624		56
1593	The maximum principle for optimal control of diffusions with non-smooth coefficients. 1996 , 57, 303-316		13
1592	Equations différentielles stochastiques rétrogrades réfléchies dans un convexe. 1996 , 57, 111-128		49
1591	Hedging options for a large investor and forward-backward SDE's. 1996 , 6, 370		120
1590	Viscosity solutions of nonlinear integro-differential equations. 1996 , 13, 293-317		76
1589	Backward stochastic differential equations with reflection and Dynkin games. 1996 , 24, 2024		172
1588	A black-scholes formula for option pricing with dividends. 1996 , 11, 159-164		2
1587	Stability of backward stochastic differential equations. 1996 , 62, 103-114		9
1586	Asset and commodity prices with multi-attribute durable goods. 1996 , 20, 1451-1504		9
1585	Brownian motion and the formation of singularities in the heat flow for harmonic maps. 1996 , 105, 335-367		12
1584	Role of uncertainty in stochastic linear quadratic regulators.		
1583	Multivalued backward stochastic differential equations with local lipschitz drift. 1997 , 60, 205-218		4
1582	Non-linear pricing theory and backward stochastic differential equations. 1997 , 191-246		55
1581	Relations among ODEs, PDEs, FSDEs, BSDEs, and FBSDEs.		6

1580	Backwards SDE with random terminal time and applications to semilinear elliptic PDE. 1997 , 25, 1135	105
1579	Reflected solutions of backward SDE's, and related obstacle problems for PDE's. 1997 , 25, 702	372
1578	Reflected Backward SDEs and American Options. 1997 , 215-231	48
1577	Backward stochastic differential equations and integral-partial differential equations. 1997 , 60, 57-83	252
1576	Adapted solution of a degenerate backward spde, with applications. 1997 , 70, 59-84	48
1575	An option pricing problem with the underlying stock paying dividends. 1997 , 12, 447-454	2
1574	Résultats d'existence et d'unicité pour des équations différentielles stochastiques rétrogrades avec des coefficients de croissance quadratique. 1997 , 324, 81-86	19
1573	Propriété de viabilité pour des équations différentielles stochastiques rétrogrades et applications des équations aux dérivées partielles. 1997 , 325, 1159-1162	6
1572	A stability theorem of backward stochastic differential equations and its application. 1997 , 324, 1059-1064	9
1571	Backward stochastic differential equations with continuous coefficient. 1997 , 32, 425-430	203
1570	Reflected solutions of backward stochastic differential equations with continuous coefficient. 1997 , 34, 347-354	31
1569	On solutions of backward stochastic differential equations with jumps and applications. 1997 , 66, 209-236	91
1568	A note on probabilistic interpretation for quasilinear mixed boundary problems. 1997 , 18, 857-864	1
1567	Existence and uniqueness for BSDE with stopping time. 1998 , 43, 96-99	9
1566	Backward and Forward SDEs and stochastic differential games. 1998 , 77, 1-15	56
1565	A property of backward stochastic differential equations. 1998 , 326, 483-488	24
1564	Optimal consumption choices for a large investor. 1998 , 22, 401-436	91
1563	Probabilistic approach to homogenizations of systems of quasilinear parabolic PDEs with periodic structures. 1998 , 32, 609-619	23

1562	The Maximum Principle for Partially Observed Optimal Control of Stochastic Differential Equations. 1998 , 36, 1596-1617	88
1561	BSDE's and viscosity solutions of semilinear pde's. 1998 , 64, 1-32	
1560	Existence for BSDE with superlinear quadratic coefficient. 1998 , 63, 227-240	69
1559	Stochastic Linear Quadratic Regulators with Indefinite Control Weight Costs. 1998 , 36, 1685-1702	219
1558	Backward Stochastic Differential Equations and Viscosity Solutions of Systems of Semilinear Parabolic and Elliptic PDEs of Second Order. 1998 , 79-127	65
1557	Pricing of American Contingent Claims with Jump Stock Price and Constrained Portfolios. 1998 , 23, 177-203	11
1556	Hedging contingent claims for a large investor in an incomplete market. 1998 , 30, 239-255	3
1555	Some results on the reachable sets of linear stochastic systems.	
1554	Hedging contingent claims for a large investor in an incomplete market. 1998 , 30, 239-255	21
1553	Backward stochastic differential equations with constraints on the gains-process. 1998 , 26, 1522	29
1552	Approximate solvability of forward-backward stochastic differential equations via method of optimal control.	
1551	Optimal controls of backward stochastic differential equations.	
1550	Hedgeability and replicatability of European type contingent claims from controllability point of view.	
1549	BSDEs, weak convergence and homogenization of semilinear PDEs. 1999 , 503-549	91
1548	On the approximate controllability of stochastic stokes systems. 1999 , 17, 563-577	3
1547	Probabilistic approach to singular perturbations of semilinear and quasilinear parabolic PDEs. 1999 , 35, 815-831	8
1546	The comparison theorem of FBSDE. 1999 , 44, 1-6	5
1545	Optimal Consumption and Portfolio Selection with Stochastic Differential Utility. 1999 , 89, 68-126	192
