

# CITATION REPORT

List of articles citing

**A prospective study of obesity and risk of coronary heart disease in women**

**DOI: 10.1056/nejm199003293221303**

**New England Journal of Medicine, 1990, 322, 882-9.**

**Source:** <https://exaly.com/paper-pdf/21870724/citation-report.pdf>

**Version:** 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

620 Background. **2004**, 15-55

619 Healthy aging for older women. **2004**, 39, 131-43

4

618 Relationship between visceral fat accumulation and physical fitness in Japanese women. **2004**, 64, 173-9

24

617 [Maternal and fetal consequences of increased gestational weight gain in women of normal prepregnant weight]. **2004**, 32, 398-403

14

616 Prise en charge pfiopfatoire du patient obse. **2004**, 1, 102-123

3

615 The relationship among physical activity, obesity, and physical function in community-dwelling older women. **2004**, 39, 74-80

54

614 Impaired microvascular function in obesity: implications for obesity-associated microangiopathy, hypertension, and insulin resistance. **2004**, 109, 2529-35

310

613 Is Atkins dead (again)? **2004**, 14, 61-5

12

612 The effects of a 12-week group exercise programme on physiological and psychological variables and function in overweight women. **2004**, 118, 31-42

33

611 Carotid atherosclerosis and cardiovascular risk factors: a comparison of residents of a rural area of Okinawa with residents of a typical suburban area of Fukuoka, Japan. **2004**, 172, 337-43

33

610 Preventing clinically evident coronary heart disease in the postmenopausal woman. **2004**, 11, 484-94

10

609 Effects of exercise training and metformin on body composition and cardiovascular indices in HIV-infected patients. **2004**, 18, 465-73

86

608 Metabolic complications of HIV therapy in children. **2004**, 18, 1753-68

65

607 Past history of obesity (overweight by WHO criteria) is associated with an increased risk of nonfatal acute myocardial infarction: a case-control study in Japan. **2004**, 68, 41-6

17

606 Medical Consequences of Obesity and Benefits of Weight Loss. **2005**, 119-142

605 Epidemiology of the diabetic heart. **2005**, 16 Suppl 1, S3-S10

23

604 Inducible nitric oxide synthase has divergent effects on vascular and metabolic function in obesity. **2005**, 54, 1082-9

117

603 The prevalence of obesity and its relationship with lifestyle factors in Jamaica. **2005**, 207, 21-32
