

CITATION REPORT

List of articles citing

Concentration-response relationship in paroxetine treatment of diabetic neuropathy symptoms: a patient-blinded dose-escalation study

DOI: 10.1097/00007691-199109000-00003
Therapeutic Drug Monitoring, 1991, 13, 408-14.

Version: 2024-04-29

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
