

CITATION REPORT

List of articles citing

Effects of acute subcutaneous nicotine on attention, information processing and short-term memory in Alzheimerts disease

DOI: 10.1007/bf02247426

Psychopharmacology, 1992, 108, 485-94.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
