

# CITATION REPORT

List of articles citing

Stenting of the iliac arteries with the Palmaz stent:  
experience from a multicenter trial

DOI: 10.1007/bf02733953

CardioVascular and Interventional Radiology, 1992, 15, 291-7.

**Version:** 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
