CITATION REPORT List of articles citing

Differential neural activity in the human temporal lobe evoked by faces of family members and friends

DOI: 10.1002/ana.410340311 Annals of Neurology, 1993, 34, 369-72.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
