

CITATION REPORT

List of articles citing

Abdominal wall recurrence after laparoscopic-assisted colectomy for adenocarcinoma of the colon. Report of a case

DOI: 10.1007/bf02047384

Diseases of the Colon and Rectum, 1993, 36, 858-61.

Version: 2024-04-20

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
