

CITATION REPORT

List of articles citing

Prevention of colorectal cancer by colonoscopic polypectomy. The National Polyp Study Workgroup

DOI: 10.1056/nejm199312303292701

New England Journal of Medicine, 1993, 329, 1977-81.

Version: 2024-04-25

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
