

CITATION REPORT

List of articles citing

Randomized study assessing the effect of digoxin withdrawal in patients with mild to moderate chronic congestive heart failure: results of the PROVED trial. PROVED Investigative Group

DOI: 10.1016/0735-1097(93)90403-n

Journal of the American College of Cardiology, 1993, 22, 955-6

Version: 2024-04-23

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
