

# CITATION REPORT

List of articles citing

**Near infrared spectroscopy (NIRS): a new tool to study hemodynamic changes during activation of brain function in human adults**

**DOI: 10.1016/0304-3940(93)90181-j**  
**Neuroscience Letters, 1993, 154, 101-4.**

**Source:** <https://exaly.com/paper-pdf/24211342/citation-report.pdf>

**Version:** 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
