

CITATION REPORT

List of articles citing

Seafood through time: changes in biomass, energetics, and productivity in the marine ecosystem

DOI: 10.1017/s00948373000000336
Paleobiology, 1993, 19, 372-397.

Source: <https://exaly.com/paper-pdf/24592950/citation-report.pdf>

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
