Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
272	The relationship between emotional adjustment and two factor structures of the mental adjustment to cancer (MAC) scale. <i>Psycho-Oncology</i> , 1995 , 4, 265-272	3.9	31
271	âA walk through ParisâThe development of melodic expression in music therapy with a breast-cancer patient. 1996 , 23, 207-223		14
270	Using two factor structures of the Mental Adjustment to Cancer (MAC) scale for assessing adaptation to breast cancer. <i>Psycho-Oncology</i> , 1998 , 7, 424-35	3.9	37
269	Intrusive memories and depression in cancer patients. 1998 , 36, 1131-42		97
268	The Mental Adjustment to Cancer (MAC) scale: replication and refinement in 632 breast cancer patients. 1999 , 29, 1335-45		47
267	Misunderstanding in cancer patients: why shoot the messenger?. 1999 , 10, 39-46		138
266	Promoting psychological well-being in the face of serious illness: when theory, research and practice inform each other. <i>Psycho-Oncology</i> , 2000 , 9, 11-9	3.9	323
265	Fighting spirit in patients with cancer. 2000 , 355, 847-8		6
264	Fighting spirit in patients with cancer. 2000 , 355, 848		5
263	Coping with Multiple Sclerosis: Development of a measure. <i>Psychology, Health and Medicine</i> , 2001 , 6, 411-428	2.1	29
262	Comparison of lesbian and heterosexual women's response to newly diagnosed breast cancer. <i>Psycho-Oncology</i> , 2001 , 10, 40-51	3.9	84
261	An Examination of Coping Style and Quality of Life of Cancer Patients Who Attend a Prostate Cancer Support Group. <i>Journal of Psychosocial Oncology</i> , 2002 , 20, 57-68	2.8	16
260	Psychosocial intervention for lesbians with primary breast cancer. <i>Psycho-Oncology</i> , 2002 , 11, 427-38	3.9	61
259	Evaluation of an internet support group for women with primary breast cancer. 2003 , 97, 1164-73		354
258	Psychosocial intervention for rural women with breast cancer: The Sierra-Stanford Partnership. 2003 , 18, 499-507		63
257	The mental adjustment to cancer (MAC) scale: French replication and assessment of positive and negative adjustment dimensions. <i>Psycho-Oncology</i> , 2003 , 12, 8-23	3.9	32
256	An interactive process model of psychosocial support needs for women living with breast cancer. <i>Psycho-Oncology</i> , 2003 , 12, 319-30	3.9	26

255	The Cancer Coping Questionnaire: a self-rating scale for measuring the impact of adjuvant psychological therapy on coping behaviour. <i>Psycho-Oncology</i> , 2003 , 12, 331-44	3.9	50
254	Psychometric properties of the Chinese version of the Mini-Mental Adjustment to Cancer (MINI-MAC) scale. <i>Psycho-Oncology</i> , 2003 , 12, 547-56	3.9	82
253	Mood disturbance in community cancer support groups. The role of emotional suppression and fighting spirit. 2003 , 55, 461-7		70
252	[Psychological adjustment of short interval follow-up mammography: about 50 cases]. 2003 , 31, 629-38		5
251	Understanding the potential of teachable moments: the case of smoking cessation. 2003 , 18, 156-70		781
250	Improving Community Cancer Care. <i>Journal of Psychosocial Oncology</i> , 2003 , 21, 23-37	2.8	10
249	Design of FRESH START: a randomized trial of exercise and diet among cancer survivors. 2003 , 35, 415-24		62
248	Psychosocial morbidity and its correlates in cancer patients of the Mediterranean area: findings from the Southern European Psycho-Oncology Study. 2004 , 83, 243-8		79
247	Diagnostic criteria for psychosomatic research and psychosocial variables in breast cancer patients. 2004 , 45, 483-91		85
246	Perceived Uncertainty, Spiritual Well-Being, and Psychosocial Adaptation in Individuals With Multiple Sclerosis.. 2004 , 49, 91-99		77
245	A prospective study of autobiographical memory and posttraumatic stress disorder following cancer. 2005 , 73, 293-9		73
244	Styles of coping with cancer: the Italian version of the Mini-Mental Adjustment to Cancer (Mini-MAC) scale. <i>Psycho-Oncology</i> , 2005 , 14, 115-24	3.9	73
243	Video preparation for breast cancer treatment planning: results of a randomized clinical trial. <i>Psycho-Oncology</i> , 2005 , 14, 408-20	3.9	23
242	Illness-related problems and coping among persons with low-grade glioma. <i>Psycho-Oncology</i> , 2005 , 14, 728-37	3.9	34
241	Posttraumatic Growth Following a Cancer Diagnosis: Do World Assumptions Contribute?. 2005 , 11, 269-283		42
240	Sexual minority women's coping and psychological adjustment after a diagnosis of breast cancer. 2005 , 14, 214-24		32
239	Support providers of sexual minority women with breast cancer: who they are and how they impact the breast cancer experience. 2005 , 59, 307-14		30
238	A measure of health-related quality of life among patients with localized prostate cancer: results from ongoing scale development. 2005 , 4, 100-8		26

237	Predictors of posttraumatic stress disorder following cancer. 2005 , 24, 579-85		81
236	The Strength-Focused and Meaning-Oriented Approach to Resilience and Transformation (SMART): A body-mind-spirit approach to trauma management. 2006 , 43, 9-36		50
235	Association of coping style, pain, age and depression with fatigue in women with primary breast cancer. <i>Psycho-Oncology</i> , 2006 , 15, 772-9	3.9	58
234	The Mini-Mental Adjustment to Cancer (Mini-MAC) scale: construct validation with a Greek sample of breast cancer patients. <i>Psycho-Oncology</i> , 2006 , 15, 79-89	3.9	45
233	Efficacy of comprehensive group rehabilitation for women with early breast cancer in South Korea. 2006 , 8, 140-6		60
232	[Assessment of psychosocial distress and resources in oncology--a literature review about screening measures and current developments]. 2006 , 56, 462-79		48
231	Psychological morbidity and quality of life in women with advanced breast cancer: a cross-sectional survey. 2006 , 4, 47-56		99
230	A randomized controlled trial of psychosocial interventions using the psychophysiological framework for Chinese breast cancer patients. <i>Journal of Psychosocial Oncology</i> , 2006 , 24, 3-26	2.8	46
229	Main outcomes of the FRESH START trial: a sequentially tailored, diet and exercise mailed print intervention among breast and prostate cancer survivors. <i>Journal of Clinical Oncology</i> , 2007 , 25, 2709-18 ^{2.2}		235
228	Print-to-Practice: Designing Tailored Print Materials to Improve Cancer Survivors' Dietary and Exercise Practices in the FRESH START Trial. 2007 , 42, 131-138		14
227	Correlates of acute stress disorder in cancer patients. 2007 , 20, 325-34		38
226	Supportive-expressive group therapy for women with metastatic breast cancer: survival and psychosocial outcome from a randomized controlled trial. <i>Psycho-Oncology</i> , 2007 , 16, 277-86	3.9	252
225	Acceptance of chronic illness in psoriasis vulgaris patients. 2007 , 21, 235-42		30
224	Standardization of the Korean version of Mini-Mental Adjustment to Cancer (K-Mini-MAC) scale: factor structure, reliability and validity. <i>Psycho-Oncology</i> , 2008 , 17, 592-7	3.9	45
223	Supportive-expressive group therapy for primary breast cancer patients: a randomized prospective multicenter trial. <i>Psycho-Oncology</i> , 2008 , 17, 438-47	3.9	81
222	Change in self-efficacy partially mediates the effects of the FRESH START intervention on cancer survivors' dietary outcomes. <i>Psycho-Oncology</i> , 2008 , 17, 1014-23	3.9	49
221	Intrusive cognitions and anxiety in cancer patients. 2008 , 64, 509-17		28
220	5-HTTLPR Polymorphism of Serotonin Transporter and Effects of Sertraline in Terminally Ill Cancer Patients: Report of Eleven Cases. <i>Tumori</i> , 2008 , 94, 563-567	1.7	11

219	[Predictors of fighting spirit or helplessness/hopelessness in people with cancer]. 2008 , 38, 270-7		4
218	Mini-mac - escala de ajustamento mental para o c�ncer: estrutura fatorial. 2008 , 13,		
217	Anxiety and depression among long-term survivors of cancer in Australia: results of a population-based survey. 2009 , 190, S94-8		53
216	Evaluating the use of poetry to improve well-being and emotional resilience in cancer patients. 2009 , 22, 121-131		30
215	A cluster randomized controlled trial of cognitive behaviour therapy for common mental disorders in patients with advanced cancer. 2009 , 39, 713-23		91
214	Denial of Chronic Illness and Disability: Part II. Research Findings, Measurement Considerations, and Clinical Aspects. 2009 , 53, 44-55		14
213	Measuring health-related quality of life in cancer patients. 2009 , 23, 42-9		6
212	Evaluation of the effects of a psychosocial intervention on mood, coping, and quality of life in cancer patients. 2009 , 8, 47-55		6
211	The Mental Adjustment to Cancer scale: a psychometric analysis in Spanish cancer patients. <i>Psycho-Oncology</i> , 2009 , 18, 984-91	3.9	15
210	Results of a multi-componential psychosocial intervention programme for women with early-stage breast cancer in Spain: quality of life and mental adjustment. 2009 , 18, 295-305		13
209	An evidence base for patient-centered cancer care: a meta-analysis of studies of observed communication between cancer specialists and their patients. 2009 , 77, 379-83		122
208	Religiosity and Hope: A Path for Women Coping With a Diagnosis of Breast Cancer. 2009 , 50, 525-533		35
207	Comparing the 7-day physical activity recall with a triaxial accelerometer for measuring time in exercise. 2009 , 41, 1334-40		62
206	An early structured psychoeducational intervention in patients with breast cancer: results from a feasibility study. 2010 , 33, 228-34		17
205	An effectiveness study of a CBT group program for women with breast cancer. 2010 , 14, 45-53		9
204	Social and psychological determinants of participation in internet-based cancer support groups. <i>Supportive Care in Cancer</i> , 2010 , 18, 553-60	3.9	40
203	Intrusive thoughts and psychological adjustment to breast cancer: exploring the moderating and mediating role of global meaning and emotional expressivity. 2010 , 17, 137-49		15
202	Self-efficacy, adjustment style and well-being in breast cancer patients: a longitudinal study. 2010 , 19, 827-36		87

201	Depression and serotonin transporter (5-HTTLPR) polymorphism in breast cancer patients. 2010 , 124, 346-50		15
200	The Norwegian version of the Mini-Mental Adjustment to Cancer Scale: factor structure and psychometric properties. <i>Psycho-Oncology</i> , 2010 , 19, 216-21	3.9	25
199	Life is precious and I'm making the best of it: coping strategies of long-term cancer survivors. <i>Psycho-Oncology</i> , 2010 , 19, 1268-76	3.9	44
198	Effect of Internet peer-support groups on psychosocial adjustment to cancer: a randomised study. 2010 , 102, 1348-54		86
197	A randomised controlled trial to evaluate the effects of a self-help workbook intervention on distress, coping and quality of life after breast cancer diagnosis. 2010 , 193, S68-73		34
196	Predictors of psychosocial distress 12 months after diagnosis with early and advanced prostate cancer. 2010 , 193, S58-61		32
195	Effects of supportive-expressive group therapy in breast cancer patients with affective disorders: a pilot study. 2010 , 79, 39-47		13
194	Hopelessness and Related Variables Among Cancer Patients in the Southern European Psycho-Oncology Study (SEPOS). 2010 , 51, 201-207		21
193	Psychosocial group intervention for patients with primary breast cancer: a randomised trial. 2011 , 47, 1363-72		43
192	Comparing sexual minority cancer survivors recruited through a cancer registry to convenience methods of recruitment. 2011 , 21, 345-52		24
191	Long-term dietary outcomes of the FRESH START intervention for breast and prostate cancer survivors. 2011 , 111, 1844-51		41
190	Pharmacogenetics of escitalopram and mental adaptation to cancer in palliative care: Report of 18 cases. <i>Tumori</i> , 2011 , 97, 358-361	1.7	9
189	Flourishing or floundering? Prevalence and correlates of anxiety and depression among a population-based sample of adult cancer survivors 6months after diagnosis. 2011 , 135, 184-92		71
188	Cancer support group participation in the United Kingdom: a national survey. <i>Supportive Care in Cancer</i> , 2011 , 19, 675-83	3.9	22
187	Exercise among breast and prostate cancer survivors--what are their barriers?. 2011 , 5, 413-9		112
186	Mental adjustment to cancer and its relation to anxiety, depression, HRQL and survival in patients with laryngeal cancer - a longitudinal study. <i>BMC Cancer</i> , 2011 , 11, 283	4.8	68
185	Adjustment to cancer and the information needs of people with lung cancer. <i>Psycho-Oncology</i> , 2011 , 20, 488-96	3.9	26
184	Exploring global meaning in Greek breast cancer patients: validation of the Life Attitude Profile--Revised (LAP-R). <i>Psycho-Oncology</i> , 2011 , 20, 419-27	3.9	6

183	A longitudinal study of psychosocial distress in breast cancer: prevalence and risk factors. <i>Psychology and Health</i> , 2012 , 27, 72-87	2.9	76
182	Effects of optimism, social support, fighting spirit, cancer worry and internal health locus of control on positive affect in cancer survivors: a path analysis. 2012 , 28, 408-15		36
181	Burden and well-being among a diverse sample of cancer, congestive heart failure, and chronic obstructive pulmonary disease caregivers. 2012 , 44, 410-20		73
180	FKBP5 polymorphisms as vulnerability to anxiety and depression in patients with advanced gastric cancer: a controlled and prospective study. 2012 , 37, 1569-76		29
179	Prevalence and correlates of cancer survivors' supportive care needs 6 months after diagnosis: a population-based cross-sectional study. <i>BMC Cancer</i> , 2012 , 12, 150	4.8	136
178	Rasch analysis of the Mini-Mental Adjustment to Cancer Scale (mini-MAC) among a heterogeneous sample of long-term cancer survivors: a cross-sectional study. 2012 , 10, 55		19
177	"Setting boundaries" - mental adjustment to cancer in laryngeal cancer patients: an interview study. <i>European Journal of Oncology Nursing</i> , 2012 , 16, 419-25	2.8	5
176	Adjustment to Chronic Illness and Disabilities: Theoretical Perspectives, Empirical Findings, and Unresolved Issues. 2012 ,		3
175	Extant health behaviors and uptake of standardized vs tailored health messages among cancer survivors enrolled in the FRESH START trial: a comparison of fighting-spirits vs fatalists. <i>Psycho-Oncology</i> , 2012 , 21, 108-13	3.9	8
174	Anxiety, depression and quality of life after cancer diagnosis: what psychosocial variables best predict how patients adjust?. <i>Psycho-Oncology</i> , 2012 , 21, 857-67	3.9	81
173	The mini-mental adjustment to cancer scale: re-analysis of its psychometric properties in a sample of 160 mixed cancer patients. <i>Psycho-Oncology</i> , 2012 , 21, 792-7	3.9	14
172	Illness appraisal, religious coping, and psychological responses in men with advanced cancer. <i>Supportive Care in Cancer</i> , 2012 , 20, 1719-28	3.9	37
171	The beliefs and knowledge of patients newly diagnosed with cancer in a UK ethnically diverse population. 2012 , 24, 4-12		12
170	Measuring trust in healthcare professionals--a study of ethnically diverse UK cancer patients. 2012 , 24, 13-21		18
169	Baseline depression predicts malnutrition in head and neck cancer patients undergoing radiotherapy. <i>Supportive Care in Cancer</i> , 2012 , 20, 335-42	3.9	53
168	Avoidant adjustment predicts lower information seeking in people with lung cancer. <i>Psycho-Oncology</i> , 2013 , 22, 540-7	3.9	4
167	Mental adjustment at different phases in breast cancer trajectory: re-examination of factor structure of the Mini-MAC and its correlation with distress. <i>Psycho-Oncology</i> , 2013 , 22, 768-74	3.9	19
166	Long-term outcomes of the FRESH START trial: exploring the role of self-efficacy in cancer survivors' maintenance of dietary practices and physical activity. <i>Psycho-Oncology</i> , 2013 , 22, 876-85	3.9	48

165	Determinants of anxiety in patients with advanced somatic disease: differences and similarities between patients undergoing renal replacement therapies and patients suffering from cancer. 2013 , 45, 1379-87		7
164	Styles of coping with stress of cancer in patients treated with radiotherapy and expectations towards medical staff - Practical implications. 2012 , 18, 61-6		10
163	Designing psycho-oncology randomised trials and cluster randomised trials: variance components and intra-cluster correlation of commonly used psychosocial measures. <i>Psycho-Oncology</i> , 2013 , 22, 1738-49		74
162	Basic Trust and Posttraumatic Growth in Oncology Patients. 2013 , 18, 195-209		11
161	Breast cancer survivors of different sexual orientations: which factors explain survivors' quality of life and adjustment?. 2013 , 24, 1622-30		24
160	Associations between faith, distress and mental adjustment--a Danish survivorship study. 2013 , 52, 364-71		22
159	Prevalence and predictors of the short-term trajectory of anxiety and depression in the first year after a cancer diagnosis: a population-based longitudinal study. <i>Journal of Clinical Oncology</i> , 2013 , 31, 2724-9	2.2	78
158	A randomized trial of dyadic peer support intervention for newly diagnosed breast cancer patients in Korea. 2013 , 36, E15-22		26
157	Consulting with a surgeon before breast cancer surgery: patient question asking and satisfaction. 2013 , 18, 943-59		12
156	Lesbian and bisexual women's adjustment after a breast cancer diagnosis. 2013 , 19, 280-92		24
155	Are depressive symptoms more common among British South Asian patients compared with British White patients with cancer? A cross-sectional survey. 2013 , 3,		12
154	Mental adjustment to cancer: the role of anxious and depressive symptoms under treatment. 2013 , 46, 375-86		5
