Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
1627	Mediterranean diets: historical and research overview. <i>American Journal of Clinical Nutrition</i> , 1995 , 61, 1313S-1320S	7	173
1626	Health implications of Mediterranean diets in light of contemporary knowledge. 2. Meat, wine, fats, and oils. <i>American Journal of Clinical Nutrition</i> , 1995 , 61, 1416S-1427S	7	87
1625	Health implications of Mediterranean diets in light of contemporary knowledge. 1. Plant foods and dairy products. <i>American Journal of Clinical Nutrition</i> , 1995 , 61, 1407S-1415S	7	124
1624	Effect of a mediterranean type of diet on the rate of cardiovascular complications in patients with coronary artery disease. Insights into the cardioprotective effect of certain nutriments. 1996 , 28, 1103-8		181
1623	Interests and values in the Recommended Dietary Allowances and nutritional guidelines for Americans. 1996 , 126, 2390S-2397S		4
1622	Diet quality and dietary diversity in France: implications for the French paradox. 1996 , 96, 663-9		120
1621	Serum beta-carotene and vitamin C as biomarkers of vegetable and fruit intakes in a community-based sample of French adults. <i>American Journal of Clinical Nutrition</i> , 1997 , 65, 1796-802	7	119
1620	Effects of lowering fat and increasing dietary fiber on fasting and postprandial plasma lipids in hypercholesterolemic subjects consuming a mixed Mediterranean-Western diet. <i>American Journal of Clinical Nutrition</i> , 1997 , 66, 1443-51	7	26
1619	Energy intake and monounsaturated fat in relation to bone mineral density among women and men in Greece. 1997 , 26, 395-400		73
1618	Nutrient effects: discrepancy between data from controlled trials and observational studies. 1997 , 21, 469-71		40
1617	Cross-cultural variations and changes in food-group intake among elderly women in Europe: results from the Survey in Europe on Nutrition and the Elderly a Concerted Action (SENECA). <i>American Journal of Clinical Nutrition</i> , 1997 , 65, 1282S-1289S	7	15
1616	Nutrition in general practice in Italy. <i>American Journal of Clinical Nutrition</i> , 1997 , 65, 1963S-1966S	7	17
1615	Population nutrient intake approaches dietary recommendations: 1991 to 1995 Framingham Nutrition Studies. 1997 , 97, 742-9		33
1614	Effects of red wine on 24-hour esophageal pH and pressures in healthy volunteers. 1997 , 42, 1189-93		18
1613	Life-style factors associated with changes in serum lipids in a follow-up study of cardiovascular risk factors. 1998 , 14, 525-33		11
1612	Wine in moderation: how could and should recent in vitro and in vivo data be interpreted?. 1998 , 17, 365-76		4
1611	Improvement in the antioxidant status of plasma and low-density lipoprotein in subjects receiving a red wine phenolics mixture. 1998 , 75, 235-240		33

1610	Meal patterns and food selection of elderly people from six European towns. 1998 , 9, 479-486	7
1609	Oleuropein, the bitter principle of olives, enhances nitric oxide production by mouse macrophages. 1998 , 62, 541-6	202
1608	Alcohol-free red wine enhances plasma antioxidant capacity in humans. 1998 , 128, 1003-7	296
1607	Potential new cardiovascular risk factors: left ventricular hypertrophy, homocysteine, lipoprotein(a), triglycerides, oxidative stress, and fibrinogen. 1999 , 131, 376-86	104
1606	Mediterranean diet, fats and cardiovascular disease risk: what news?. 1999 , 82, 5-6	5
1605	Effect of processing on the non-starch polysaccharides and in vitro starch digestibility of legumes / Efecto del procesado en el contenido de polisacáridos no amiláceos y la digestibilidad in vitro del almidón de legumbres. 1999 , 5, 415-423	13
1604	Antioxidant and other activities of phenolics in olives/olive oil, typical components of the Mediterranean diet. 1999 , 34 Suppl, S23-6	58
1603	Inhibition of leukocyte 5-lipoxygenase by phenolics from virgin olive oil. 1999 , 57, 445-9	276
1602	Effects of aging on cerebellar noradrenergic function and motor learning: nutritional interventions. 1999 , 111, 141-54	70
1601	Food intake and eating patterns of Indonesian elderly before the 1998 economic crisis. 1999 , 8, 200-6	5
1600	Phytoestrogens. State of the art. 1999 , 7, 201-7	23
1599	Diet and antioxidant status. 1999 , 37, 999-1007	90
1598	Cardiovascular disease prevention among youth: visioning the future. 1999 , 29, S79-83	7
