

CITATION REPORT

List of articles citing

Reproductive and other factors and risk of epithelial ovarian cancer: an Australian case-control study.
Survey of Women's Health Study Group

DOI: 10.1002/ijc.2910620606

International Journal of Cancer, 1995, 62, 678-84.

Version: 2024-04-29

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
