

Normal bronchial epithelial cells constitutively produce interleukin-10, which is downregulated in cystic fibrosis

American Journal of Respiratory Cell and Molecular Biology
13, 257-261

DOI: [10.1165/ajrcmb.13.3.7544594](https://doi.org/10.1165/ajrcmb.13.3.7544594)
