List of articles citing

Acquired left ventricular-right atrial communication caused by infective endocarditis detected by transesophageal echocardiography: case report and review of the literature

DOI: 10.1016/s0894-7317(05)80368-2

Journal of the American Society of Echocardiography, 1995, 8, 108-10.

Version: 2024-04-24

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
