

CITATION REPORT

List of articles citing

Circadian, day-of-week, and seasonal variability in myocardial infarction: comparison between working and retired patients

DOI: 10.1016/s0002-8703(96)90241-0
American Heart Journal, 1996, 132, 579-85.

Version: 2024-04-23

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
130	Seasonal distribution of acute myocardial infarction in the second National Registry of Myocardial Infarction. 1998 , 31, 1226-33		375
129	Influence of thermal stress on the incidence of acute myocardial infarction in a temperate climate. 1998 , 90, 67-71		4
128	An increase in the number of deaths in the United States in the first week of the month--an association with substance abuse and other causes of death. 1999 , 341, 93-8		106
127	Warning: the short days of winter may be hazardous to your health. 1999 , 100, 1590-2		42
126	When throughout the year is coronary death most likely to occur? A 12-year population-based analysis of more than 220 000 cases. 1999 , 100, 1630-4		165
125	Seasonal variation in the occurrence of nontraumatic rupture of thoracic aorta. 1999 , 17, 672-4		41
124	Circadian variation of malignant ventricular arrhythmias in patients with ischemic and nonischemic heart disease after cardioverter defibrillator implantation. European 7219 Jewel Investigators. 1999 , 34, 1560-8		65
123	Diurnal, weekly and seasonal variation of sudden death. Population-based analysis of 24,061 consecutive cases. 2000 , 21, 315-20		253
122	Time changes in new cases of ischaemic heart disease in general practice. 2000 , 17, 394-400		13
121	Monday preference in onset of ischemic stroke. 2001 , 111, 401-3		54
120	Is there a temporal pattern in the occurrence of subarachnoid hemorrhage in the southern hemisphere? Pooled data from 3 large, population-based incidence studies in Australasia, 1981 to 1997. 2001 , 32, 613-9		40
119	Different alcohol drinking and blood pressure relationships in France and Northern Ireland: The PRIME Study. 2001 , 38, 1361-6		43
118	The effect duration of candesartan cilexetil once daily, in comparison with enalapril once daily, in patients with mild to moderate hypertension. 2001 , 10, 43-51		24
117	Triggers of acute coronary syndromes. 2002 , 44, 369-80		63
116	Coincidental annual distribution of first and second acute myocardial infarction. <i>American Journal of Cardiology</i> , 2002 , 89, 1416-20	3	8
115	Association of mitral annular calcium on spiral computed tomography (dual-slice mode) with thoracic aorta calcium in patients with systemic hypertension. <i>American Journal of Cardiology</i> , 2002 , 89, 1420-2	3	2
114	Subarachnoid haemorrhage occurrence exhibits a temporal pattern - evidence from meta-analysis. 2002 , 9, 511-6		27

113	A study of weekly and seasonal variation of stroke onset. 2002 , 47, 13-20		72
112	New insights into the mechanisms of temporal variation in the incidence of acute coronary syndromes. 2003 , 26, 495-9		11
111	Annual distribution of ventricular tachycardias and ventricular fibrillation. <i>American Heart Journal</i> , 2003 , 146, 1061-5	4.9	37
110	Variation during the week in the incidence of acute myocardial infarction: increased risk for Japanese women on Saturdays. 2003 , 89, 398-403		25
109	Temperature, air pollution, and mortality from myocardial infarction in Sã Paulo, Brazil. 2004 , 37, 1651-7		51
108	Elderly nursing home patients with congestive heart failure after myocardial infarction living in new york city have a higher prevalence of mortality in cold weather and warm weather months. 2004 , 59, 146-7		21
107	Seasonal Variations in Admissions for Acute Myocardial Infarction. The PRIMVAC Study. 2004 , 57, 12-19		4
106	Application of the cross wavelet transform and wavelet coherence to geophysical time series. 2004 , 11, 561-566		3262
105	Variaciones estacionales en los ingresos por infarto agudo de miocardio. El estudio PRIMVAC. 2004 , 57, 12-19		12
104	Secular trends and seasonality in first-time hospitalization for acute myocardial infarction--a Danish population-based study. <i>International Journal of Cardiology</i> , 2004 , 97, 425-31	3.2	30
103	Physiopathologie et ÉtiopathogÉie de l'infarctus du myocarde. 2004 , 1, 49-67		3
102	Seasonal distribution of acute myocardial infarction and its relation to acute infections in a mild climate. <i>International Journal of Cardiology</i> , 2004 , 93, 39-44	3.2	32
101	A meta-analysis of excess cardiac mortality on Monday. 2005 , 20, 401-6		41
100	Effect of gender, age, and severity of asthma attack on patterns of emergency department visits due to asthma by month and day of the week. 2005 , 20, 947-56		12
99	Increased occurrence of out-of-hospital cardiac arrest on Mondays in a community-based study. 2005 , 22, 107-20		30
98	Does circadian and seasonal variation in occurrence of acute aortic dissection influence in-hospital outcomes?. 2005 , 22, 343-51		40
97	Seasonal patterns in monthly hemoglobin A1c values. 2005 , 161, 565-74		110
96	Seasonal variation in onset of myocardial infarction--a 7-year single-center study in Italy. 2005 , 22, 1121-35		49

95	Excess in cardiovascular events on Mondays: a meta-analysis and prospective study. 2005 , 59, 109-14	24
94	Long-acting blood pressure reduction by candesartan cilexetil in patients with hypertension. 2005 , 21, 935-40	2
93	Circadian variation in stroke onset: identical temporal pattern in ischemic and hemorrhagic events. 2005 , 22, 417-53	134
92	Seasonality and daily weather conditions in relation to myocardial infarction and sudden cardiac death in Olmsted County, Minnesota, 1979 to 2002. 2006 , 48, 287-92	137
91	Winter air-mass-based synoptic climatological approach and hospital admissions for myocardial infarction in Florence, Italy. 2006 , 102, 52-60	38
