

CITATION REPORT

List of articles citing

Antifollicular cell-mediated and humoral immunity in canine alopecia areata

DOI: 10.1111/j.1365-3164.1996.tb00229.x
Veterinary Dermatology, 1996, 7, 67-79.

Version: 2024-04-28

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.

#	Paper	IF	Citations
24	Apoptosis in autoimmune and non-autoimmune thyroid disease. <i>Journal of Pathology</i> , 1997 , 182, 123-4	9.4	10
23	Trachyonychia associated with alopecia areata in a Rhodesian Ridgeback. <i>Veterinary Dermatology</i> , 1999 , 10, 123-126	1.8	7
22	Morphologic and immunologic characterization of a canine isthmus mural folliculitis resembling pseudopelade of humans. <i>Veterinary Dermatology</i> , 2000 , 11, 17-24	1.8	8
21	Anti-isthmus autoimmunity in a novel feline acquired alopecia resembling pseudopelade of humans*. <i>Veterinary Dermatology</i> , 2000 , 11, 261-270	1.8	27
20	Parvovirus infection of keratinocytes as a cause of canine erythema multiforme. <i>Veterinary Pathology</i> , 2000 , 37, 647-9	2.8	29
19	[Apoptosis: to be or not to be, that is the question]. <i>Medicina Clínica</i> , 2000 , 114, 144-56	1	1
18	Characterization of hair follicle antigens targeted by the anti-hair follicle immune response. <i>Journal of Investigative Dermatology Symposium Proceedings</i> , 2003 , 8, 176-81	1.1	55
17	A natural canine homologue of alopecia areata in humans. <i>British Journal of Dermatology</i> , 2003 , 149, 938-50	4	27
16	Alopecia areata with lymphocytic mural folliculitis affecting the isthmus in a thoroughbred mare. <i>Veterinary Dermatology</i> , 2004 , 15, 260-5	1.8	12
15	Immunopathology of vesicular cutaneous lupus erythematosus in the rough collie and Shetland sheepdog: a canine homologue of subacute cutaneous lupus erythematosus in humans. <i>Veterinary Dermatology</i> , 2004 , 15, 230-9	1.8	24
14	Diseases of the ear pinna. <i>Veterinary Clinics of North America - Small Animal Practice</i> , 2004 , 34, 511-40	2.4	9
13	Three cases of immune-mediated adnexal skin disease treated with cyclosporin. <i>Veterinary Dermatology</i> , 2006 , 17, 85-92	1.8	31
12	Equine alopecia areata autoantibodies target multiple hair follicle antigens and may alter hair growth. A preliminary study. <i>Experimental Dermatology</i> , 1998 , 7, 289-97	4	21
