

CITATION REPORT

List of articles citing

Coxsackievirus protein 2B modifies endoplasmic reticulum membrane and plasma membrane permeability and facilitates virus release

DOI: 10.1093/emboj/16.12.3519
EMBO Journal, 1997, 16, 3519-32.

Source: <https://exaly.com/paper-pdf/28239518/citation-report.pdf>

Version: 2024-04-27

This report has been generated based on the citations recorded by exaly.com for the above article. For the latest version of this publication list, visit the link given above.

The third column is the impact factor (IF) of the journal, and the fourth column is the number of citations of the article.
